

ATTO 3 CONTRACT HIRE

Take advantage of our Business Contract Hire; a tailored, premium solution for your business with this stunning new model. The latest edition to the UK's electric vehicle market has just arrived in the form of the fully electric BYD ATTO 3. Business Contract Hire allows businesses to use a brand-new vehicle while making fixed monthly payments over a period of 2-5 years. This type of vehicle funding is designed to help businesses budget accurately without having to worry about vehicle depreciation and maintenance costs.

With BYD ATTO 3's fully electric powertrain and advanced features, businesses can enjoy a reliable and eco-friendly driving experience.

FEATURES

- With safety a priority BYD's ATTO 3 has scored Five-Star Rating in Euro NCAP (The European New Car Assessment Programme) Safety Tests.
- The BYD ATTO 3 is the first C-SUV to utilise the ground-breaking e-Platform 3.0 bringing the latest in EV innovation to UK customers.
- It is equipped with the highly efficient 60.48 kWh BYD Blade Battery with a 260-mile range (Worldwide Harmonised Light Vehicle Test Procedure - WLTP combined) and DC Charging (30-80%) in just 29 minutes.
- The BYD ATTO 3 is available to order now with prices starting from £495 per month* for a 48-month contract.

Pendragon Vehicle Management offers premium tailored finance solutions designed around the needs of each individual business, including fully maintained vehicles and minimised vehicle downtime. Livery and vehicle fit-out can also be included if required. At the end of the contract, the vehicle is simply returned to PVM, allowing for a hassle-free experience.

Business Contract Hire with BYD ATTO 3 and Pendragon Vehicle Management is an excellent choice for businesses looking to upgrade their fleet while reducing their carbon footprint and enjoying the benefits of tax-efficient vehicle acquisition.
